

Opportunity. Stability. Support. Excellence.

Wall Residences, founded in 1995, was a pioneer of Sponsored Residential services in Virginia. We remain a leader in disability support services. Through the years we've grown but our core value remains person-centered care that honors the supported individual. So far this year, Wall has served approximately 1,000 individuals. Additionally, Wall employs over 1,200 people, bringing the number of people in the state of Virginia directly impacted by the company to over 2,200, with a total community impact that's greater still!
