

# WALL STAR CENTERS GROUP DAY

Wall Star Centers offer day support in a comfortable, safe, enriching environment for adults aged 18 and older. You'll spend your days learning or improving self-help, socialization, and adaptive skills through fun and enriching activities within the center and in the surrounding community. We strive to provide the opportunity to engage with peers and your local community through volunteering, skill acquisition, social skills development, and building safe community connections. Most of all, you'll have fun!

*This is a place where safe community connections and relationships are fostered. This is a chance to be yourself and explore new possibilities. Come to the Wall Star Center to grow your independence!*

FIS, BI, or CL Waiver  
Private Pay Available
